# 1 Introduction

## About You

You are responsible for all aspects of *contact tracing of contact persons*. For Avian Influenza, this concerns human and animal cases. For *exercise disease* this includes daily visits of contact persons, assessing and documenting symptoms and notifying new possible cases.

Name	Institute	LGA	Code
Mrs Fanique Inoniyegha	LGA HD	Ungogo	COO-KN-UGG-1

Table 1: Your Coordinates.

## Data for Exercise Disease

This booklet gives you all the data for your daily tasks on *exercise disease*. The data it contains, which have been generated by the SORMAS simulation, are invented especially for this pilot. Please do not worry, if some fields are named differently in the mobile app, the desktop app or this document resp.. For example, not all symptoms in the applications match those in this booklet. You are ask to put in some grain of salt here and there (indicated by text in *italic font*). All entered facts will trigger further action by various other users and will result in additional data. These *resulting data* will then be compared with the *expected data* to provide another evaluation method.

*Entries by the users are made from Monday to Friday only.*

## Tasks as Contact Officer (ExD)

Concerning exercise disease<sup>1</sup>:

*between 11 AM and 2PM*

1. Display the list of all your tasks.

*... number of task*

2. You are visiting contact persons. While you do your visits, you retrieve the following information.

- Is the person available and cooperative?

### 3 *The End*

You have successfully reached the end of the SORMAS-N pilot. There are no more data for you to enter. Please do not forget to fill out the logbook and hand it in to Dr. Ebiwumi Aikhionbare. We appreciate your feedback, which is of great importance for improving the performance of SORMAS.

*Thank you very much for participating in the SORMAS-N field test.  
We hope you had a pleasant time.*
