1 Introduction

About You

You collect information on illness and death among patients and health care workers in your health facility and enter them into SORMAS.

Name	Institute	LGA	Code
Mr Niamke Isa	Wuraola Hospital	Kajola	HFP-OY-KEH-2

Table 1: Your Coordinates.

Data for Exercise Disease

This booklet gives you all the data for your daily tasks on *exercise disease*. The data it contains, which have been generated by the SORMAS simulation, are invented especially for this pilot. Please do not worry, if some fields are named differently in the mobile app, the desktop app or this document resp.. For example, not all symptoms in the applications match those in this booklet. You are ask to put in some grain of salt here and there (indicated by text in *italic font*). All entered facts will trigger further action by various other users and will result in additional data. These *resulting data* will then be compared with the *expected data* to provide another evaluation method.

Entries by the users are made from Monday to Friday only.

Tasks as Hospital Focal Person (ExD)

Concerning exercise disease<sup>1</sup>:  
*before 10 AM*

<sup>1</sup> according to the daily information given in the tasks section of the day

1. You have the following information about patients or health care workers in your facility about *exercise disease*. Use them to fulfill your duty as a *Hospital focal person*.  
*...list of possible cases (person information with symptoms)*

### 3 *The End*

You have successfully reached the end of the SORMAS-N pilot. There are no more data for you to enter. Please do not forget to fill out the logbook and hand it in to Dr. Ebiwumi Aikhionbare. We appreciate your feedback, which is of great importance for improving the performance of SORMAS.

*Thank you very much for participating in the SORMAS-N field test.  
We hope you had a pleasant time.*
