Daily Tasks (Hospital Focal Person) 5

The End 30

Introduction1

About You

You collect information on illness and death among patients and health care workers in your health facility and enter them into SORMAS.

Name	Institute	LGA	Code	Table 1: Yo	our Coordinates.
Mr Kingsley Onyemachi	Oke Imale primary health centre	Ibarapa East	HFP-OY	-RUW-1	

Data for Exercise Disease

This booklet gives you all the data for your daily tasks on exercise disease. The data it contains, which have been generated by the SORMAS simulation, are invented especially for this pilot. Please do not worry, if some fields are named differently in the mobile app, the desktop app or this document resp.. For example, not all symptoms in the applications match those in this booklet. You are ask to put in some grain of salt here and there (indicated by text in *italic font*). All entered facts will trigger further action by various other users and will result in additional data. These resulting data will then be compared with the expected data to provide another evaluation method.

Entries by the users are made from Monday to Friday only.

Tasks as Hospital Focal Person (ExD)

Concerning exercise disease¹:

before 10 AM

- 1. You have the following information about patients or health care workers in your facility about exercise disease. Use them to fulfill your duty as a Hospital focal person.
 - ... list of possible cases (person information with symptoms)
- 1. Some patients have died. Please notify this via SORMAS-N.
 - ... list of persons that have died

¹ according to the daily information given in the tasks section of the day

3 The End

You have successfully reached the end of the SORMAS-N pilot. There are no more data for you to enter. Please do not forget to fill out the logbook and hand it in to Dr. Ebiwumi Aikhionbare. We appreciate your feedback, which is of great importance for improving the performance of SORMAS.

> Thank you very much for participating in the SORMAS-N field test. We hope you had a pleasant time.
